

Version 2017.1

Air Operations Network Map

Route information:
644 4:57 2973

Distance (nautical miles) Flight time (hours:minutes) at 135 knots Fuel consumption (lbs) at 600 lbs / hour

Contour interval: 1000 ft
 Scale correct at 71°S
 Projection: Polar Stereographic
 Spheroid: WGS84

— Magnetic isogonic line
 X Facility

Route distances are great circle distances, and are more accurate than those calculated from the scale on this map
 NB figures have been calculated using formulae in ArcMap

0 100 200 300 400 500 1000
 Nautical Miles Kilometres

Scale 1:6,000,000
